News from the GO

BEACH CLEANUP

On Saturday the GO board biked to **Vlissingen** beach to participate in World Cleanup Day! We collected trash and had a delicious picnic alongside our volunteers and the **HZ Green Office**. The weather was so great so we could even swim in the sea! Thank you for joining us Julia, we were very happy to have you!

BOOKSHELF WITH CAUSES TOGETHER WITH LITRA

This week, in collaboration with Litra, we inaugurated the **bookshelf of causes** in Eleanor. You can find the bookshelf in the hallway right in front of the classrooms.

The bookshelf is meant for people for **borrowing and lending** books discussing current and important topics for us nowadays. There is a sign-up sheet on the left of the bookshelf so you can put your name down once you have borrowed a book, so we can track the books and none get lost. If you are interested don't hesitate to look at the bookshelf!

UCRadio FIRST GREEN OFFICE RECORDING

On Saturday the GO had their first recording session with the **UCRadio board**. Myrto and Hannah got the chance to talk about the events we have done this semester and the ones to come, as well as a little bit about what

the Green Office Board does.

WEBSITE

Remember the **clothing and book exchange**? We have **updated our website** and added a new post about it! If you could not attend the exchange and want to know more about it visit our newsletter and click [here](#).

MOVIE NIGHT ELEANOR

The Green Office is starting a **new project!** Every month on Sunday evening we are going to be screening a movie connected to climate change. We are starting this Sunday with the movie **"the boy who harnessed the wind"**, a British drama which was screened at the Premiere of the Sundance Film Festival in 2019. It will be starting at 19:30 in **room E - 7**. We will have some blankets, pillows, and fairy lights to make it super cozy and of course, there will be snacks too. If you need a break from studying and want to relax you should not miss this.

The Green Office is collaborating with SER Zeeland to join a **discussion meeting** where people voice their concerns about the climate, and what this means for their opportunities in work and living. The SER platform is going to start up again soon and we invite you to join! Unfortunately, the event is only for **Dutch speakers**.
