

NEWSLETTER WEEK 7

Hey guys,

When you spend your breaks standing in the last sunny spot of Helm Square; when the sound of your timer gives you a heart attack; when you arrive two minutes late to class, and you're still extremely proud of yourself... you know it's Week 7. We hope you're hanging on, and don't forget: midterm break is on the horizon! And until then, here's a bit of sunshine from yours truly, the Eleanor Green Office.

News from the GO

ECO WARRIOR TABLE

First and foremost, a round of applause for the **warriors** on the top of the chart!

1. **Julia Leandra Autrey**
2. **Leen Jammalieh**
3. **Maria Mørch Egeland**

Would you like to be one of our top warriors? Then join our events or create your own, but most importantly: pursue **acts of sustainability**. You can let us know what you did by sending us photos on Instagram or Facebook. At the end of the semester, the students on top of the list will receive small awards from the Green Office.

Upcoming Events

GROW YOUR OWN PLANTS

Do you want more plants? We got you! Join us on **Wednesday** at 15.00 in the Anna parking lot (if the weather is sunny) or in Anne (if it's not) to plant your **own (edible) plants**. If you have **plants with offshoots**, you can bring them along to trade or donate them.

Volunteers

CLIMATE MARCH AMSTERDAM

On **November 6** people all around the world will take part in climate marches, asking the world leaders gathered in Glasgow to take action. In the Netherlands, the march will take place in **Amsterdam**. We are at a crucial point for climate action, and it would be amazing if UCR students could join the march, just like they did this September in Utrecht. However, as the Green Office will be attending the COP26, we can't be in charge of the event. Therefore, we are looking for **enthusiastic volunteers** who would be up for organising transport to Amsterdam! If you are interested, you can join the organising team [here!](#)

ENERGY PROJECT

In collaboration with the **Engineering Department**, we are starting a project on **sustainable energy** here at UCR. Our first brainstorming session will take place

next Saturday, and we welcome anyone who'd like to take part and shape this amazing collab - engineering student or not. You can also join our Whatsapp group [here](#).

VOLUNTEER GROUP CHAT

In case you've missed it: we have created a group chat for our volunteers! You can join [here](#).

What we did this Week

Once again we had a busy week and can't wait to share our newest ideas with you! Here's a little summary of what we did since last Monday:

- met with [SportsCo](#) and the [Well-being Team](#) and decided to work together in helping students to reconnect with themselves and with nature
- organised a paper making workshop with [Litra](#)
- planned our week attending [COP26](#)
- took part in the clothing exchange organised by [ZB](#)
- had a [board dinner](#) :)
- cleaned out the plant boxes in [Anne](#) and planted flower bulbs for the spring

[And that is it for this week! Thank you for reading and see you next Monday!](#)
